Magi Followed Star To Find Son of Mary

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1. — The mysticism and beauty of the Orient has mingled with the simplicity and reverence of a little town made holy by a divine occurrence.

Three sages from the East, impressive in the richness of their many colored silks and gold insignia, walked the dusty streets of Bethlehem today and told of their journeys across desert and plain to lay rare gifts at the feet of the tiny babe.

They spoke briefly and eloquently of the prophecy. "There shall come a star out of Jacob and a scepter shall rise out of Israel," and they described the brilliance and comet-like action of this star which had arisen in the east, and which they had followed until it halted over the Judean city.

These three Magi who bear the names of Casper, Melchor and Balthazar, were familiar with the Hebrew prophecies

which foretold the advent of the Messiah, and had long waited for the star, they said. King of Israel, they sold their possessions and equipped a caravan.

Last night, surrounded by humble shepherds and barnyard animals, they fell to their knees and worshipped the young child with great joy, and presented him with frankincense, myrrh and gold.

When they were asked if the commonplace surrounding seemed out of keeping with Christ's significance, Melchor, the wise man, answered:

"The King we seek is not to be found in the palace, nor among the rich and powerful. If the light of the world and the glory of Israel had been appointed to come with earthly splendor, it must have happened long ago. For no son of Abraham will ever again rival the power which Joseph had in the palaces of Egypt or the magnificence of Solomon throned between the lions of Jerusalem. But the light for which the world is waiting is a new light, the glory that shall rise out of patient and triumphant suffering. And the kingdom which is to be established forever in a new kingdom, the royalty of unquenchable love."

An intimation of the uncertain future was voiced when he added: "I do not know how the turbulent kings and people of the earth shall be brought to acknowledge the Messiah and pay homage to Him. But this I know. Those who seek Him will do well to look among the poor and lowly, the sorrowful and the oppressed."

Brilliant Star Presaged Secret Mystery of Birth

JERUSALEM, Dec. 25—Beginning the Year of Our Lord 1. — Eminent astrologers here admit to the appearance of a new star. They say that at infrequent periods such stars, or novae, as they term them, suddenly appear with great brilliance, are evident for a time, then fade away.

Last night's star, they explained, resulted from the conjunction of two great planets, Jupiter and Saturn.

Mary and Joseph Both Descendants Of Royal Line

NAZARETH, Dec. 25—Beginning the Year of Our Lord 1. — Although Mary, mother of the Saviour, and her husband, Joseph, live among the humbler folk here, where he is a carpenter, they are of the royal family of Judah and the descendant of King David.

The Jews keep exact lists of their genealogies thus explaining the present situation.

For the old prophets said that the Christ child was to be born at Bethlehem whereas Mary lives in Nazareth 50 miles distant. But when the Emperor Augustus called for the regular 10-year census he ordered Herod to register the people according to the tribe to which they belong. Mary and Joseph belonging to the family of David were required to go to Bethlehem.

Magi's Wisdom is Greatest in World Declares Casper

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1. — This is what Casper, one of the wise men, said about their belief:

"The wisdom of the Magi is the greatest of all wisdoms on earth, because it knows its own ignorance. And that is the secret of power. We worship fire as a symbol of Him. We keep men always looking and waiting for a new sunrise but we ourselves understand that the darkness is equal to the light and that the conflict between them will never be ended."

PROPHETS OF OLD

First to See Coming Of Prince of Peace

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1. — For centuries prophets have forecast the birth of a Christ Child and historians have made many references to the coming of a Messiah.

These are some of the names which have been applied to Him. Immanuel, Wonderful Counselor, Mighty God, Everlasting Father, Prince of Peace, The Lord of the Highest and Jesus.

Since the birth here today of the Wonderful child and the excitement and rejoicing that have followed, local scribes have been searching history and the Bible and point to the predictions of Isaiah, Jeremiah, Micha and others.

The following quotations are given as vital to the Messiah's coming:

The Lord spoke again to Ahaz saying, Ask thee a sign of the Lord thy God . . . But Ahaz said I will not ask, neither will I tempt the Lord.

Shopkeeper Has Doubts About Jesus

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1. — "All the excitement has made more business for my shop but I do not believe he is the Christ."

That was the opinion of the proprietor of a small shop here who has not yet visited the now-famous birthplace of the infant Jesus.

"I really believe this is just something arranged to make more entertainment for taxpayer week," he went on. "Why, the true Christ will be so mighty that there will not be a doubt by anyone when he comes. That light was just a falling meteor and those sleepy shepherds were startled by it. You know how a story can grow."

He said he had been too busy to go along with the crowds to the stable, and added that the innkeeper would probably have more business than ever.

"I have an extra room here at the back," he said thoughtfully. "If I had only known — and he hurried to wait on a customer."

The Christmas issue today tells the story of Christ's birth as it might have been told if modern newspapers had been printed at that time. Today's current news appears on inside pages. The Bethlehem story was mainly written several years ago by a newsman and its use has become tradition with us. The dispatches are based on the story of the Christ child as it was originally written.

And he said, Hear ye now, O House of David . . . Behold a virgin shall conceive and bear a son, and shall call his name Immanuel. — Isaiah 7:14.

The people that walked in darkness have seen a great light; they that dwell in the land of the shadow of death, upon them hath the light shined . . . For unto us a child is born, unto us a child is given, and the government shall be upon his shoulders, and his name shall be called WONDERFUL COUNSELOR THE MIGHTY GOD, THE EVERLASTING FATHER, THE PRINCE OF PEACE, of the increase of his government and peace there shall be no end, upon his kingdom, to order it, and to establish it with judgement and justice henceforth even forever.

The zeal of the Lord of hosts will perform this. — Isaiah 9:2-7.

I will gather the remnants of my flock out of all countries whither I have driven them, and will bring them again to their folds . . . and I will set up shepherds over them which shall feed them, and they shall fear no more, nor be dismayed, neither shall they be lacking, saith the Lord, that I will raise, and the king shall reign and prosper, and shall execute judgement and justice in the earth . . . And this is his name whereby he shall be called, THE LORD, OUR RIGHT-EOUSNESS. — Jeremiah 23:3-6.

Now gather thyself in troops, O daughter of troops; he hath laid siege against us; They say smite the judge of Israel with a rod upon the cheek. But thou, Bethlehem Ephrathah, though thou be little among the thousands of Judah, yet out of thee shall come forth unto me one that is to be ruler of Israel; whose goings forth have been from old, from everlasting . . . And he shall stand, and feed in the strength of the Lord, in the majesty of the name of the Lord his God; and they shall abide; for now shall he be great unto the ends of the earth. — Micah 5:14.

In the sixth month the Angel Gabriel was sent from God unto a city of Galilee, named

Nazareth, to a virgin spoused to a man whose name was Joseph, of the house of David and the virgin's name was Mary. And the angel came upon her, and said, Hail thou art highly favored, the Lord is with thee: blessed art thou among women. And when she saw him she was troubled at his saying, and cast in her mind what manner of salutation this should be; and the Angel said unto her: Fear not, Mary, for thou hast found favor with God.

'Mary Smiled at Me' Simply Clad Boy Says

NAZARETH, Dec. 25—Beginning the Year of Our Lord 1. — A young boy — one of the band of shepherds which was visited on the hill near here last night by a heavenly host of angels who told them of the birth of the baby prophet, was a shy narrator of events transpiring at the stables when the presence of the child became known.

Rough clad, and plainly awed by his part in the divine drama, he gave the only clear impression gained of Mary, the mother of the Holy Child. The other shepherds were too inspired, and the wise men from the east too preoccupied with the identity of the infant to notice details which the eye of a child seized upon.

"Everything seems so quiet in the stable," he replied to questions. "I noticed that even the pigeons didn't coo like they usually do."

"Did Mary or Joseph say anything to anyone?" he was asked.

The lad flushed then confessed: "Joseph asked me to help him fix the hay so it would be more comfortable, and then Mary smiled at me after she had been looking at the baby, and so I asked her if they didn't have better places in the inn. She answered low-like: 'There wasn't any room for us.'"

"I felt sorry for her; and then she smiled again and just whispered: 'But I like it here. The inn was so noisy, and the streets are full of loud

Lowly Shepherds First to Note Miracle

Long-awaited Messiah Born in Lowly Manger

Eyes of All Judea Turn to Bethlehem As Word Spreads

Appearance of Star Convinces Inhabitants New Baby is Prince

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1. — The eyes of all Judea are turned with awe today upon this little town as the word emanates from it that the long prophesied Messiah was born here last night.

Miraculous happenings and visitations of heavenly hosts which confronted them with

radiance and divine song, lead inhabitants to believe that this is the prince of the throne of David, who Scriptures have said will reunite the scattered tribes of Israel and reign over them as the Son of God.

The appearance of a new star of Great Magnitude and luminescence, convinced them that it portends to the ancient prophecy.

The infant, born to Mary, a Jewish girl from Nazareth, who is the wife of Joseph, a carpenter, was first discovered by a group of shepherds who received the news of His birth from a band of angels while they were tending their flocks in the low lying hills outside the city.

Descending in a blaze of heavenly glory that prostrated the little group of men and boys with amazement, the di-

vine visitors told them not to be afraid but to go to the stable in Bethlehem, where they would find the Christ in swaddling clothes and lying in a manger.

This the shepherds did, being guided all the way by an angel. There they found the child, but recently born, with his parents and stable animals. So deep was the conviction of the angel's message upon them, that they immediately accepted Him as the promised Saviour, and fell upon their knees and worshiped him.

Following in quick succession the visit of the shepherds was a caravan of wise men, or Magi, from humble birthplace bearing jewels and precious gifts. To them too, this was a long-awaited event, since they are close students of astronomy, and were watching for the star. When it appeared they regarded it as the sign that the child had been born which the prophet had foretold.

While the largest part of the population here is talking of the event in tones of unsuppressed awe, and plainly regard it as a means by which they will be delivered from their Roman oppressor, there are many who are frankly skeptical. They feel that the future Christ will come from a more significant source.

The whole atmosphere here has been one of unusual excitement for the past few days since that was the time decreed by Augustus Caesar for all tax payers in Judea to be registered. Mary and Joseph being of the house of David, were required to come to Bethlehem, and although Mary was an expectant mother, and the 50-mile journey from Nazareth in Galilee was extremely arduous for her, the urgency of the order was such that they dare not say no.

From the meager details gained from keepers of public places, it appears that Joseph had failed to make any reservation for lodging. The low temperature of the winter night forced them to the stable where they made themselves as comfortable as they could in the straw. They suffered no ill effects from the experience, however, and those who visited the little family after the birth became known, report that an aura of light transformed the dingy surroundings into a place of beauty.

Mary indicated that she would call the child Jesus.

Herod in Dread, Seeks to Delude Sages from East

JERUSALEM, Dec. 25—Beginning the Year of Our Lord 1. — An apprehensive Herod sits on the throne of Judah, and is much disturbed at the significance of the Messiah in Bethlehem.

This was brought to light with the recent visit here of sages from the East who were seeking the newborn King of the Jews. Having heard of their inquiries, Herod hastily called together his chief priests and scribes who write the laws, and demanded them to tell him more of the prophecies of Christ's coming.

Then he summoned the wise men for questioning, and led them to believe that, if they would go to Bethlehem, discover the Child and return and tell him about it, he would journey there himself to pay homage.

Those who heard Herod's interview with these Eastern wise men say he was given only evasive answers.

Political commentators say it is understandable that Herod should feel uneasy at the rise of a leader who will capture the imagination of a discouraged people. His reign has been a singularly unhappy one due to the pressure from Rome.

The Emperor Augustus has lately accumulated foreign property and subjects through a campaign of military invasions and controls about all in this part of the world that is worth taking. This has occupied the minds of the people, but has increased Roman extravagances, Palestine is one of these conquered countries and Herod is the King of Augustus's own choosing.

Some regard Herod's fear of a ruler who will overthrow him in a material sense as being unfounded.

They maintain that the significance of the Messiah is spiritual rather than political, and point out that he has always been prophesied as a Shepherd of Souls rather than a military deliverer.

Astrologers See Tragedy, Sorrow For Holy Babe

JERUSALEM, Dec. 25—Beginning the Year of Our Lord 1. — Great tragedy will mark the future of the child born in Bethlehem, say the country's foremost astrologers. The stars, they say, reveal:

He will be in great danger while he is still an infant, and because of an attempt upon His life, many children will be killed.

He will live to be hailed in Jerusalem, but will later be rejected and betrayed by one close to Him.

Crucifixion will be the manner of His death, and He will undergo unspeakable suffering.

There are other venerable pathetic words which foretell the sufferings of the promised Messiah.

These reveal that He will be "despised and rejected of men, a man of sorrows and acquainted grief."

Their search of the records it is believed, will continue for many weeks and will entail many secret conferences with not only members of their craft, but with the priesthood in the temple itself. Whether their finds will be made public in detail is not known.

The astrologers added that this preliminary report of their findings as revealed by their efforts probably would be considered altered by further study and indeed, might be radically altered by results of research and study.

LM-SV School 'Search' Ends Successful Year

The La Mesa-Spring Valley School District is completing its first year of active involvement in an activity known as "Early On," which is similar to the "Search and Serve" project designed to locate handicapped children throughout San Diego County who are

not receiving an education, according to Mr. Richard Bissell, director, Pupil Services. The "Early On" federally-funded project was initiated in December 1975 at Lemon Avenue Elementary School in La Mesa. The goals of the program

are to find severely multihandicapped children from birth to 12 years, help them improve their functional independence, and assist parents in providing effective training for their children. The final goal is to raise the functioning level of each child high enough to enter an existing public school program.

"Early On" training exists both at school and at home. In its first year, the project has served 20 children who ordinarily would not have received any educational training.

Their handicaps include congenital blindness, neurological problems, orthopedic handicaps, epilepsy, severe emotional problems, severe language disorders, autism, microcephalism, hydrocephalism, hydrothyroidism, cerebral palsy, and profound retardation.

The children reside in the La Mesa-Spring Valley School District and in surrounding districts including Cajon Valley, Chula Vista, Lakeside, Lemon Grove and Santee.

Upon entering the program, each child is assessed in language, social self-help, cognition, perception, fine motor coordination and gross motor coordination.

An individual program to fit the child's needs in the skill areas is then formulated by the teacher with assistance from the parent.

The parent is expected to become an active participant in the child's development by implementing recommended activities in the home.

The search for children qualifying for the program continues. Mr. Pat Fitzpatrick, project supervisor at La Mesa-Spring Valley, handles inquiries from La Mesa and Spring Valley residents.

Lemon Grove School District, active only as a referral agency for such students at present, is handling inquiries from Lemon Grove residents.

Lemon Grove exercised an option to contract out for special classes with neighboring school districts.

In 1978, says Supt. Robert Sutton, Lemon Grove will be required to provide services within the district. Dr. Genevieve Oliphant, principal at Mt. Vernon Elementary and the District's director of pupil services, handles inquiries.

G'mont School Workers Split On Bargainers

Three units of classified personnel in the Grossmont Union High School District had divided choices on exclusive bargaining representatives this month. Some 775 employees were involved.

Elections held December 3 divided bargaining agents among the three units.

Classified employees — generally, employees other than teachers — were to choose to represent them in bargaining talks either the California School Employees Assn., (CSEA) the Service Employees International Union (SEIU) AFL-CIO, Local 102, or no representation.

Unit 1 — consisting of warehouse, transportation and maintenance personnel — chose CSEA over SEIU by a 79-20 vote margin.

Secretaries, clerks, technicians, instructional aides and food service workers grouped in Unit 2 also voted CSEA as their exclusive bargaining agent by a 239-111 tally.

Unit 3 — comprised of custodians, groundsmen and utility workers employed by the school district — preferred SEIU over CSEA by a margin of 77-46.

On July 1 collective bargaining for school employees replaced the Winton Act which formerly governed school employee-employer relations.

CSEA, with 73,000 members is the state's largest classified school employee organization.

Area Funeral Services

Mildred Huebsch

Mildred Huebsch, Grove Civic Leader, Dies

Services were held Monday at the United Church of Christ Congregational church for Mildred (Murray) Huebsch, 67, of 3562 West st., Lemon Grove, who died in Villa View hospital Saturday after a short illness. She was a native of Kentucky.

She was the widow of Alfred, who died in 1972.

The couple came to Lemon Grove in 1948 and operated a dry cleaning shop for many years. She later worked at L.G. Hardware and Walter's Jewelry.

She was a charter member of the L.G. Business Women's League and served twice as its president. She was the leading force for securing a lease on the railroad right-of-way in the downtown area and converting it into the town's first green spot. Much of the time she alone begged for financial aid from local firms to pay for upkeep of the plaza. She sponsored a Plaza Beautification Bowling League to help defray plaza maintenance costs.

She worked on the early-days PowWow, the forerunner of today's Old Time Days and was honored several times for her effort during the annual parade. She was given an honorary life membership in the BWL for her contributions to the welfare of the community.

She was designated a "Free Wheeler" as a driver for the American Cancer Society and she recruited other drivers from among her numerous friends.

Under her sponsorship, the BWL planted a pine tree in the plaza that still stands as the community's Christmas tree.

She was also a moving force in the Lemon Grove-Spring Valley Nutritional Project for

senior citizens by which many local elderly people are able to get a hot lunch. She served on the group's executive board, securing volunteers and coordinating their effort.

She was one of the few persons putting in a full five years as Lemon Grove's community plan was developed. She served on the executive committee until her death.

She was also active in various attempts of the community for forming a city and spent a great number of hours in committee work and at the County Board of Supervisors protecting community interests and presenting problems that needed solutions.

She was an active member and trustee of the L.G. Congregational church where services were held for her. The pastor, her close friend, Mr. Frederick M. Bradley officiated.

She is survived by her brother, Russell Murray, of San Diego and two sisters in Salinas Valley. She is a native of Kentucky.

Interment will be in King City under arrangements by Conrad's Lemon Grove Mortuary.

Robert Leet

Services were held Wednesday, December 15, at Greenwood Mortuary Chapel for Robert F. Leet, 54, of 1438 Taft st. Cremation was held earlier.

He died on December 13. Leet was a materials inspector at the Solar Division of International Harvester Co., employed at the firm 25 years. He was a native of New York who moved to San Diego 30 years ago.

Survivors include his wife, Doris; three daughters, including Sandra L. Gilliam, and Pamela Leet, both of Lemon Grove; a brother; a sister; his mother and a grandson.

The family suggests contributions to the American Cancer Society.

Holy Land Program

A 1976 Christmas message direct from the Holy Land and an Oral Roberts family special will be presented by television Channel 6 for holiday viewing. To be beamed by satellite from the Middle East, the Rex Humbard World Outreach Ministry Program tonight 10-11 p.m. will feature Pat Boone's personal interpretation of his composition "Exodus."

Natalie Cole and the puppets of Sid and Marty Kroff will join the Roberts' family in Oral Roberts' "Christmas Dream" from 10 to 11 p.m. tomorrow, on Christmas Eve.

A Yuletide medley will be presented by Cole, Richard and Patti Roberts, the World Action Singers and Reflection, with the Rev. Roberts delivering his "Your Impossible Dream" message to an estimated 60 million viewers worldwide.

Farmers Lament

Year Yields Not-So-Fond Memories

Word from the California Farm Bureau is that 1976 will not be remembered with good cheer by most farmers in the state.

Both natural and man-made disasters struck this year to rob California farmers of more than a billion dollars in revenue.

An extended drought, two harvest-time strikes, unseasonal rains and a citrus freeze combined to make this the most frustrating production year in history.

"Setbacks could put some farmers out of business," said Fred Heringer, CFB president.

Production from entire orchards was lost on some farms, he said, while cattlemen without feed or pasture were forced to liquidate.

A number of cattle ranchers are close to bankruptcy because of poor market prices and limited grazing due to the drought this year, he said.

A July canning strike compounded by unseasonal rains in August and September touched off heavy crop losses. The greatest losses were apricots, raisins, dates, figs, tomatoes, peaches, lettuce and dry beans.

Frozen food workers struck for five weeks causing more losses to vegetable growers, and a January freeze damaged much of the state's citrus crop.

The losses hit the consumer in the form of higher prices.

Sugary Report Goes to Board

It takes about 11,000 pounds of sugar to operate the cafeteria program in the La Mesa-Spring Valley School District, school board members learned at a recent meeting.

During the year, the District serves about 775,000 student meals, which computes to about 0.2 ounces per meal.

An undetermined amount of sugar used in coffee and other beverages purchased by staff members somewhat offsets that figure, it was learned.

Sugar is actually used in food preparation about one day out of three, the report said. It is used in the preparation of Applecrisp, baked beans, "Cranberry Crunch", corn-breads and dessert items.

Christmas Savers Set BoA Holiday Record

Santa has arrived early for 692 residents of the Spring Valley-Lemon Grove area.

Bank of America reports its Christmas Club account holders here recently received \$178,902 in savings collected throughout the past year.

SV Woman Feted for Health Dept. Service

Mrs. Marge Skinner, 10151 Toledo rd., Spring Valley, was one of four women honored recently for volunteer service to the County Department of Health.

An award was presented to Mrs. Skinner for ten years' service at the Health Center in Chula Vista and National City.

The \$35,000 Answer

What information do low-income and minority students need to assist them in choosing the right college or university?

The federal government has awarded the University of California \$35,000 for the first year of a two-year project to answer that question.

The survey will examine existing literature intended for high school students and determine whether materials service the needs of students with disadvantaged backgrounds.

Beach Boys in Concert

The Beach Boys come to town after Christmas for a concert at the San Diego Sports arena. Tickets are selling for \$5.75, \$6.75 and \$7.75 for the Monday, December 26 concert.

Christmas Gift Exchange

The Xi Beta Xi chapter of Beta Sigma Phi sorority celebrates its Christmas gift exchange at 8 p.m. Tuesday at the home of Mrs. Ken Krafft, 6254 Lake Araina.

A candlelight service will be held at Vista La Mesa Christian Church, Friday at 6:30 p.m.

Letters to Santa

Santa Claus asked us to save time for him by printing letters little ones from this community wrote. "I'm so busy making toys," says Santa, "that I don't have time to make the trip to pick up the letters."

As a subscriber to this paper, Santa sees the requests and well wishes and clips them out. On Christmas morning, there it is, the gift the youngsters wanted — right under the tree . . . if the youngster was good.

Here are some recent requests:

Spring Valley Community Center OK'd

The question is no longer if Spring Valley will get a \$150,000 community center — but when.

Excuse the name-dropping but the development became practically a certainty when "San Diego County Housing and Community Development Division of the Office of Management and Budget" turned on the green light for the "U.S. Department of Housing and Urban Development (HUD)" to release \$150,000 through the "San Diego County Board of Supervisors." Whew!

Of course there will be an examination of documents prepared almost two years ago to see that no significant alterations have been made.

The judgment of putting the project on "go" for the above and other agencies was a finding of an environmental control agency to determine that "no significant effect on the

environment" was in the project.

On Park Site

The center will be constructed on the six-acre Spring Valley Park site of Jamacha Blvd. east of Sweetwater rd. The center idea was developed by the S.V. Park & Rec. Dist. Advisory Council which is also responsible for the S.V. Park and the recreation program which is under the direction of Willie Williams.

Williams, with the title of supervisor, noted that the present program, in which more than 119,000 took part last year, would be expanded to handle the additional programs made possible by the new facility.

Example — the seniors hot meal program is now held in the Lord of Life Lutheran Church where the capacity is 50. At the new center the capacity would be 200.

The center would also be

used for meetings for service clubs and other groups.

As Williams sees it, mornings and afternoons would be for youngsters, nontimes for seniors, and evenings for meetings and classes. There

would be one large meeting room, several smaller meeting rooms, an administrative office and storage areas in the new facility.

S.V. Park and Rec. Dist. programs are operated on a tax

of 20 cents for each \$100 assessed valuation and the programs are extremely popular.

Some of the programs now housed in the two local high school gymnasiums would be transferred to the new center.

Informational Session . . .

Next LG Incorporation Meeting January 5; 19 Eye Council Race

Supervisor Dick Brown is scheduled to discuss advantages and the consequences of forming a city of the community of Lemon Grove when the January 5 incorporation informational meeting will be conducted at the L.G. Junior High school auditorium starting at 7:30 p.m.

The election for incorporation has already been approved for Tuesday March 8. A school board election will be held at the same time. In addition to deciding whether Lemon Grove is to become a city, five persons will be selected to sit on a council and run the city. Anyone residing within the boundaries of the proposed city may file as a candidate until December 30. Petitions may be picked up only at the Office of the Registrar of Voters at 5555 Mildred St., San Diego.

Nineteen Candidates

By noon, Tuesday, nineteen candidates had requested filing papers for the race.

They include: Fred Anderson, 1832 Englewood; Leo Bodin, 2770 Dennis Ln.; Bernard Brandt, 2836 Cornelius Pl.; Steve Braxton, 7931 1/2 Broadway; Robert Burns, 8337 Mt. Vernon; Wayne Buttrick, 2626 Sheri Ln.; Brian Cochran, 3280 Olive St.

Also, Rene Collette, 2520 Bonita St.; Jack Doherty, 2213 Dain Ct.; James Dorman, 7615 Circle Dr.; Maxine Grove, 7154 Mt. Vernon; Lois Heiserman, 1601 Cameron Dr.

Also, Dell Lake, 1507 Dupont Dr.; Leroy Maxwell, 2840 Olive St.; Wynell McReynolds, 7112 Rosemary Ln.; Travis Metcalf, 2519 Washington St.

Roger Price, 8269 Golden Ave.; Lester Reese, 2270 Washington St. and Robert Swanson, 8225 Golden Ave.

Three vacancies will be listed on the school board ballot.

It has been estimated that Lemon Grove City councilmen will get \$40 a month and they will probably be required to attend two meetings a month.

Last Week

At last week's meeting, presided over by four Incorporation Committee members, a sparse turnout heard each member review developments and actions yet to follow.

Dell E. Lake presided. Others were Karen Thomson, Jim Dorman, and John Stenbeck. Stenbeck said he would not seek office and Thomson said she was uncertain. The reason for the small turnout, it was said, was due to calling the meeting without enough time to publicize it. Plenty of time is given the January 5 meet.

At Wednesday's meeting Lake recalled that the coming election was sponsored by the County Board of Supervisors two years ago and that studies had been going on continuously since.

Vista La Mesa decided to withdraw from Lemon Grove November 2 by voting to annex to the City of La Mesa.

The Board of Supervisors approved the Lemon Grove City election on Tuesday, December 7.

Dorman said official formation of the city, if the issue passes, would be on July 1. That would require the County to provide service for the remainder of the fiscal year (until June 30, 1978). It would also give the new city a chance to build up a bankroll. He envisioned joint use of either or both school and fire department facilities for housing and possible combined use of some personnel.

Surplus Seen

A study based on the incorporated city of San Marcos,

population 10,400, shows an income for Lemon Grove (population 18,692) of \$1,451,868. Appropriations would be \$1,196,400 with a surplus of \$225,468. The study also anticipates a 70 cent tax rate in 1978-79 and 1979-80 making the tax 5 cents under the 75 cents maximum.

Thomson, describing the make-up of the city, saw the council selecting one of their members, possibly the one with the most votes, as mayor. They would name a treasurer and begin a search for a city manager. She also noted that the tax rate would drop 11.8 cents right off even if the council elected to use the full 75 cents maximum tax rate. The city would have absorbed the L.G. Fire Department with its 86.8 cents tax rate. Sales and various other taxes collected by the state and returned to city would more than cover the difference she said.

Stenbeck said he would accept the post of finance chairman when the election committee is organized. That committee will be organized this week. Stenbeck also noted that the loss of Vista La Mesa is but one of the many "gobbling-up" actions by the cities of San Diego and La Mesa. "Unless we set our boundaries by incorporation, the time will come when there will be no Lemon Grove at all."

The Ballot

Thomson said the ballot will have confusing terminology. It will ask whether or not the voter approves reorganization of governmental agencies. In understandable language it says, "Do you approve incorporation?"

One man at the Wednesday meeting, who identified himself as Paul Myers of 2713 Corona St., Lemon, an employee of the State Board of Equalization, stalled the meeting from time to time with questions to which he also supplied answers. That prevented some citizens from obtaining information from the committee.

Grove Teachers Settle On 4.5% Raise, Retroactive

Teachers agreed last week to a 4.5 per cent salary increase and benefit package by ratifying a contract with the Lemon Grove School District.

The Lemon Grove Teachers Assn., bargaining team representing all teachers for the first time under uniform collective bargaining procedures, reached agreement with the District's negotiator on a one-year contract.

Teachers had been working without a contract since the beginning of the school year. New salary increments are retroactive to July 1.

Among benefits of the new contract is a 1c increase to 15c/mile for traveling staff, and a \$25 increase in special teaching pay, \$250 to \$275.

Class Size

Pupil/teacher ratios of 33:1 for kindergarten and 30:1 for grades 1-8 were agreed upon, but not regarded as absolute limits, as the teachers initially proposed.

The District agreed to keep class size at those levels "whenever administratively practicable, whenever the District's financial resources

allow, and whenever the facilities are available."

Class size is also governed by state guidelines which penalize districts with prolonged overcrowded classrooms by restricting funds.

Evaluations

Another new feature in the new contract is a formal teacher evaluation procedure to be conducted annually for probationary teachers and every two years for permanent teaching staff.

Evaluations will include classroom observations by the school principal or a designee of the superintendent, plus a choice of one other form of evaluation. The choices: self-evaluation, surveys and/or questionnaires, and achievement testing.

The total contract necessitated the transfer of \$96,535 for additional salary, retroactive pay and benefits.

During the summer, the District agreed to absorb additional costs of medical and dental insurance for its employees. No changes in those benefits were made.

Auto Smasher Prowls S.V.

For whatever reason — fun or vengeance — it was a costly Friday night for several auto owners in Spring Valley.

Using a blunt instrument, possibly a hammer, the miscreant struck at least four times, leaving a trail of broken windshields and back windows in the wake.

John Edward McPherson, 8776 Hiel St. reported the broken rear window of his Volkswagen. Replacement, \$200.

Edward Louis McGee, 8720 Hiel St. lost the windshield of his Opel. \$200.

Electrical Burglary

The trailer belonging to the Forshay Electric Co., San Diego was burglarized of \$1,176 worth of material Thursday night, it was reported.

The trailer had been left on a construction site in Spring Valley at 11044 Del Rio rd., sheriff's deputies said.

AROUND SHE GOES — Miss Lemon Grove — Mary Jo Byrne picks the one ticket from nearly 1,000 in the spinner that makes Kenneth Hall the winner of the 1911 model Ford Flivver in the Old Time Days Parade contest. Others won a Chargers autographed football; a pair of WHA Mariners hockey game tickets, and a bottle of cheer.

Ken Hall Wins 'Flivver' At Grove Chamber Drawing

It was about one shot in a thousand but Kenneth Hall, of 7258 Blackton Dr. won the "Fabulous Ford 1911 model Flivver". It was said to be worth \$1,000.

The contest was held at 7 o'clock promptly at the L.G. Fire Station Recreation Room with Miss Lemon Grove Mary Jo Byrne dipping her pretty little fingers into the ticket spinner and pulling out Hall's name. Olin Thompson, vice-president elect of the L.G. Chamber of Commerce did the spinning while a group of interested on-lookers stood by.

Hall, now associated with S.D. City Schools was one of the early businessmen of Lemon Grove. He operated a service station on Broadway at Sweetwater way for many years in the 50's. He and his

wife Marjorie had a total of five tickets.

Vito Siragusa, of Leone's Italian Restaurant, won a bottle of liquor donated by the L.G. V.F.W.

Adolph Helgson, 8080 Haven Dr., Lemon Grove won an autographed Charger football while Al Rupp, 3131 Central Ave., Spring Valley, won a pair of tickets to a WHA Mariners hockey game.

In a separate contest, this one sponsored by members of the L.G. Chamber of Commerce, a basket filled with a dozen bottles of liquor was won by H. Hickey, 8436 Kingsland, San Diego.

Proceeds from the flivver finances the parade; income for the basket of liquor defrays part of the cost of operating the L.G. CoC.

No Need to Register Again Even if You Have Moved

Alright. So you didn't vote in the last election. Or maybe you missed a couple of elections before that.

Don't panic. You haven't been disfranchised.

You'll be able to vote without re-registering under most conditions. It'll be handled by postcard from the Registrar of Voters office.

Here's how it works. Immediately after the Christmas card rush is over, the

Registrar of Voters will send a card to everyone who has voted in recent years, according to Keith Boyer, assistant registrar.

That's all there is to it. The card will indicate your registration is on file. You do not have to mail anything back.

However, if the card comes back to the registrar marked "No forwarding address," the registration is then canceled.

If it is returned with a different address other than the one from which you registered, but still in the same county, the registrar will make the change for you. You'll be registered at your new address.

But if it comes back with an out of San Diego County address, the registration is canceled.

To call the registrar, phone 565-5528.

A daylight burglar forced the door at the residence of Carol Ann Torricellas who lives at 3800 Helix St. in Spring Valley.

Missing was a G.E. portable teevee valued at \$300. She reported the theft on December 8.

Grove Woman Jailed After Chase

A Lemon Grove woman who identified herself to San Diego police as Martha Landwehr, 24, of 1681 Drexel Dr., was booked in County Jail for investigation of auto theft and possession of narcotics.

It also involved a high speed chase, an attempt to run over a police officer, a hit run, and the firing of six shots by the officer.

When Police Officer R. L. Jones stopped the truck near Fashion Valley rd. Sunday for an alleged traffic violation, the driver sped away instead of showing his drivers license as requested. The truck was said to have been stolen from a San Diego police officer the week before. During the high-speed chase Jones pursued the truck into the Stadium parking lot where it struck a parked car before stopping again.

When Jones got out of his car, the driver wheeled sharply towards him, attempting to run over him, it was reported. Jones fired six shots after jumping to safety. Three of the shots hit the truck. He then resumed the chase up

Mission Village rd. until the truck went out of control and stopped in a yard at Fermi Ave. and Marathon Dr.

The woman was seized at the scene but the driver fled through the Elwood Cuddeback school nearby. Police gave up the search after dark.

A quantity of heroin was found in the truck, police reported.

Holiday Cheer . . . and Prudence

The "one more drink for the road" sipped under the holiday mistletoe may be a kiss of death for the imbibor.

With that warning, safety advocates urge holiday hosts not to kill their guests with misguided kindness at their Christmas and New Year's parties.

Additionally, overly hospitable hosts put themselves in danger of becoming accessories to slaughter on the highways when they make alcohol the life of the party.

In California, some courts are holding the party-giver responsible for trouble that drinkers become involved in. Already, bartenders in public saloons face prosecution for serving a drunk a drink. They also may become liable for damages produced by their drunk patrons. This regulation may also be applied to the host of a social gathering.

Records indicate that half of all highway fatalities involve drunken driving. While 45,000 American soldiers were being killed by the enemy in the 10 years of the Vietnam War, 274,000 folks on the home front died in auto accidents in which alcohol was the lethal weapon.

There are several ways in which the holiday host can help reduce the casualty rate by making "show me the way to go home" a song of safety rather than inebriation.

Here are some of the preventive measures recommended:

- 1.—Plan your party around people, not what they have to drink. Make sure everyone is introduced and has a place to sit before beverages are offered. In other words, mix the guests before you mix the drinks.
- 2.—Be sure that plenty of soft drinks are available for the one out of three adults who spurn alcohol.
- 3.—Assign a judicious bartender to pour all the drinks, spacing them about an hour apart if possible and resisting the temptation to urge guests to "have another" and to keep their glasses constantly filled. Never put the bar on a "serve yourself" basis; that is an open invitation to disaster for the person who tends to drink too much.
- 4.—Limit drinks to no more than one ounce of alcohol in each.
- 5.—Try to keep a steady flow of tasty light snacks circulating so that guests eat while they drink; that helps absorb some of the alcohol but more important, it slows the drinking process.
- 6.—Before the first guest has arrived decide what time you expect the last one to leave and close the bar about an hour before the party will be over. During that time serve substantial food refreshments. The food itself may not sober up the person who has over-indulged but the time consumed with the food should help to clear the mind for the drive home.
- 7.—Emphasize good conversation and perhaps some stimulating parlor games, rather than alcohol.
- 8.—If a guest drinks too much, suggest gently that coffee or some other non-alcoholic beverage might be substituted for the next round. And if you think the guest is unable to drive home, either arrange for alternate transportation or offer the spare bedroom for a sobering-up sleep.

It should be acknowledged that some people might object that the host is being made the fall guy for the falling-down drunk, but they also feel that the responsibility of the party-giver is far greater than many like to admit.

More Than Climate Makes Good Retirement Home

Rest homes, nearly two dozen of which are located in the Lemon Grove-Spring Valley area, are a subject of concern to anyone with an elderly friend or relative.

The consistently mild climate makes our East County community ideal for retirement residents.

Unfortunately, selecting the right home for that person involves more careful scrutiny than merely studying its climate.

Choosing the right home requires that you investigate, speak out and ask questions. And, according to Dr. Charles Harrington, you can start at the State Department of Health's nearest licensing and certification division office.

Harrington, who serves as division chief, points out that the facts available in nursing home inspection reports can go far toward identifying the quality of care provided by a particular facility.

The Department's Licensing and Certification Division monitors the care these homes provide for almost 100,000 elderly Californians. Reports are available from local offices that describe almost anything affecting the health and safety

of the patient.

The reports include such things as whether medications are administered according to physician's orders and whether all members of the staff are qualified.

Harrington explains that individual nursing homes are required to post updated inspection reports which explain violations the home has incurred and how they plan to correct them.

"If you don't see a report posted, ask the staff to make a report available to you, for it should be posted close to the administrator's office."

"Each facility must also post a patient's bill of rights. This document spells out such things as a patient's right to his clothing and to privacy with visitors or family. The patient also has the right to refuse treatment or medication."

The bill assures that a patient is free from mental and physical abuse and is treated with consideration and respect. It states that a patient must be fully informed by a doctor of his medical condition and can participate in planning medical treatment.

It prohibits forced drugging by guaranteeing that the individual is free from chemical and physical restraints.

When selecting a nursing home, Harrington advises consumers to scrupulously consider the atmosphere and the staff's attitude.

"Talk to the administrator and to the director of nursing. It's especially important to examine the staff's attitude. How do they relate to patients? Are they concerned? Do you get a feeling of warm-

th and that people are being treated as individuals?"

Once you have narrowed down your choice you might make a second unannounced visit at mealtime. Check the quality of the food and how it is served.

Meanwhile other questions should be considered. Are physicians always available in emergencies? Do they visit their patients at least once a month? Are recreation activities planned? Does the home use community volunteers?

The answers are a good indicator of the facility's interest in its patients.

Bill Arballo Gets County Fair Post

DEL MAR — William F. Arballo, last year's president of the Society of Professional Journalists, Sigma Delta Chi, has been named director of public relations for the 22nd District Agricultural Assn. and will head the combined special events, advertising and publicity departments for the 1977 S.Cal. Exposition scheduled June 21 through July 4.

Previously, each department had its own director.

Arballo has been with the Exposition in various capacities since 1952 when he held a similar post. He was director of special events in 1973 and 1976 and in 1973 he also headed the concessions and commercial exhibits department.

He was the editor-publisher, until recently, of the Del Mar News Press, a weekly newspaper which he founded.

Exposition Manager Bill Dumond said Arballo will be responsible for the Expo's overall advance promotions, publicity and advertising schedules.

In previous years Arballo has directed public relations for Lomas Santa Fe Inc., Palm Springs Aerial Tramway, National Date Festival, Santa Barbara National Horse Show and Farmers Fair of Riverside County.

Arballo is president-elect of the North County Press Club. He also will be a director of the Del Mar Chamber of Commerce in 1977.

COPER BOWL WARMUP — Two San Diego County Sheriff's Deputies prepare strategy for the forthcoming COPER Bowl game against San Diego Policemen at the S.D. Stadium January 8 at 7:30 p.m.

In the photo Deputy Ron L. Cottingham, guard, is handing the ball to Dep. Melvin Roberts, cornerback. Both work out of the Sheriff's Lemon Grove office and will star for the Sheriff's team.

Tickets are \$2 general and \$5 press level with no seats reserved. Police will wear Aztec uniforms — red and black. Sheriff's men will wear Grossmont College uniforms — green and white.

Cabrillo Cage Classic Opens at Arena Tues.

Two of the better freshmen in the country will hook up in the opening round of the first annual Cabrillo Classic Basketball Tournament in San Diego when San Diego State hosts LaSalle College.

The Aztecs and Explorers meet at 9 p.m. on Tuesday, in the San Diego Sports Arena, with the U. of Washington playing Texas (El Paso) in the other first round game at 7 p.m.

Second round games will be played on Wednesday.

Through the first eight games of the 1976-77 season the Aztecs are 2-6, but are getting super play from freshman Percy Gilbert. Gilbert (6-5, 200) from San Diego High School, is leading the Aztecs in scoring with a 15.5 average and is averaging 5.1 rebounds per game.

Gilbert has scored 20 or more points in three games, scoring 21 against Northern Arizona, 25 against Nevada (Las Vegas) and 26 against Boise State. He's done that despite averaging better than four fouls per game and fouling out of three games.

LaSalle, of Philadelphia, is

6-2 on the season and is paced by freshman Michael Brooks (6-7, 206). Brooks, a Philadelphia prep sensation, is leading the Explorers in scoring with a 23.1 average and is also the top rebounder with an 11.6 average.

Last week in the Volunteer Classic, Brooks scored 35 points in a 92-85 loss to Tennessee and came back the next night to score 36 against SMU. His 71 points was a tournament record.

Brooks is only one of LaSalle's offensive weapons. The Explorers also boast seven-foot center Donn Wilber who is averaging 20.5 points and 9.0 rebounds.

LaSalle's only two losses this year were 82-77 to fourth ranked Alabama and 92-85 to Tennessee on the Volunteer's home floor.

The Aztecs come into the tournament after suffering a 107-104 loss to New Mexico in their last game. Forward Brian Frishman paced the Aztecs with a career high 32 points in that game. Gilbert had 14 points while playing just 19 minutes and fouling out.

Texas (El Paso) brings a 6-2 record into its game with Washington in the other first round Cabrillo Classic game. The Miners are paced by guards Ron Jones and Jake Poole. Jones is the team's top scorer with a 16.0 average and pool is second at 13.5.

Washington is currently 4-4 with two games to play before the tournament. The Huskies still must play Colorado and Seattle Pacific before playing the Miners. Washington is led by seven-foot All-America center James Edwards. Edwards is the leading scorer and rebounder for Washington, averaging 19.8 points and 10.0 rebounds.

Toreros to Host CalState Matadors

The Cal State Northridge Matadors came within one point of beating the USD Toreros (65-64) back on December 2. A rematch of these two collegiate basketball teams will be played tonight at 8 in the USD gym.

It will be USD's last home game until January 17.

USD (8-0) travels to the Bay Area next week to play the Santa Clara Broncos on December 28 at 8 p.m. in Toso Pavilion, and Cal State Hayward on December 30 in the Pioneers campus gymnasium.

The Matadors' 3-5 record is a little deceiving. Three of its losses have been to major colleges including Fullerton State (58-87), Stanford (67-85), and Loyola (45-54). Lon Trotter (6-7, Sr., Center) leads the Matadors in scoring 11.6 ppg and rebounding 6.2 He has not been starting lately as coach Pete Cassidy uses him as a sixth man off the bench.

"We need to win against Northridge. With our next four games on the road, we can't afford to lose at home," said coach Jim Brovelli.

TAKE FIVE

By John E. Wirges

Paul Tibbets hurt a knee playing college football as a young man growing up in Arizona and right now that old injury is causing him sleepless nights, double-trouble duty days and more than one hundred and one daily problems that all needed answers yesterdays.

Paul is the only "non-playing" member of the COPER Bowl Committee, and logically, the only detail man available for the you-and-me details that crop up like weeds in the path from the planning to the doin' of the deed.

Paul feels somewhat akin to the fella that went off into the marsh. "When you're hip deep in alligators, it's difficult to remember you came in to drain the swamp," he grins. Such is the nature of football. Even the non-combatants suffer blocks, tackles and gettin' faked out.

"Don't make it sound funny," says Paul. "Cause it's anything but. It's work to put on a football game. It's hard damn work."

It all started back east when the police of one place played a football game against the cops of another town for the betterment of one youth group or another.

The idea proved sound and the project worthwhile, so it moved west, like most things of value.

They tried it up in Sacramento. The Cops against the Sheriffs. It was unique. Cops beating heads of other cops. They called it the "Pig Bowl" and it was a smash hit.

A committee of San Diego's finest went to the state capital to take in the proceedings. It looked good, but would it work in San Diego?

Why not, they asked. And four good men got to work. The biggest problem was not knowing what to do, or how to get about doing it.

Pressing problems caused one man to leave the group and Paul Tibbets was piped aboard. "It was like walking into a brick wall," he was to remember later. "Looking at it then, the COPER Bowl wasn't just going to be difficult, it was going to be impossible."

Perhaps that's just what keyed Tibbets into action. The man thrives on trouble and moves easily on pressure. He picked up the loose ends and began tying knots into strayed problems.

"Officially, both the city and the county were opposed to the game," he said. "Mostly because of insurance, I guess. Then there was getting players out for practice, getting equipment, playing fields, a playing site, tickets, sales, publicity . . . I could go on for ever."

As everyone who has ever taken a hand in promoting an athletic venture, Tibbets and his co-committee men were overwhelmed with great gobs of red tape and good old fashioned bureaucracy.

"We ran into many dead ends," he mused. "But we had some great help. Dr. Phillip del Campo (San Diego Community College District president) opened doors and made phone calls to people that really got us underway."

San Diego State coach Claude Gilbert gave a healthy helping hand to the Police team by engineering a loan of Aztec uniforms. Grossmont Community College donated uniforms, cheer leaders, trainers and moral support to the Sheriff's squad.

Ed Statler organized the Sheriff's team and managed all the talent side of the Deputy's commitment. Mike Wahl, president of the Police Athletic Federation, managed the talent and tools for City forces. Dan Luth gave Wahl a helping hand.

Luth, Wahl and Statler are all players. Statler, at 43, should know better, but he's also in such great shape that folks accuse him of a body transplant. "He's got a 43 year old head on a 20 year old body," they say. "He probably invented pushups."

It all comes to direct aggression at 7:30 in the evening of January 8 with the kick off of COPER Bowl I at San Diego Stadium.

San Diego County Boys' Clubs are the beneficiary of all this pushing, shoving and heavy breathing mixed with a dash of mayhem and a pound of pure sock.

Tickets are on sale at all Boys' Clubs, The Highlander, Security Pacific National Bank, San Diego Federal Savings and Loan, Silver Gate Savings and Loan, Oceanside Federal Savings and Loan and the Charger's ticket office.

At just \$2 each, COPER Bowl tickets would make great gifts to paperboys, neighborhood kids, friends of the family deep in youngin's and as stocking stuffers when that fat fella in the red suit drops down your chimney this weekend.

It is a switch, though, ain't it? Buying a ticket from a cop. I reckon it's the season for faith and such. Merry Christmas.

'Gentle Ben' is MONY Golfer of the Year

RANCHO LA COSTA—Young Ben Crenshaw, who won three tournaments and was runner-up in three others, has been chosen MONY Golfer of the Year by Western sports writers and sportscasters.

Crenshaw, 24, won in close voting over rookie Jerry Pate, the U.S. Open and Canadian Open winner. Masters champ Raymond Floyd was third and Tournament Players Champion Jack Nicklaus fourth.

Informed of this recognition, the personable Crenshaw replied, "No kidding. Wow! That really makes me happy. It's a great honor to be chosen over so many super players who have had such great years."

Gentle Ben will play a few holes with each group of writers and sportscasters and later will be honored at a dinner at the La Costa Resort Hotel, Spa and Country Club on Tuesday.

Hosts of the event are Jim Devitt, president of Mutual of New York, and Allard Roen, tournament chairman of the

MONY Tournament of Champions, which will be played April 14-17 at La Costa.

Crenshaw won the Bing Crosby, Hawaiian and Ohio Kings Island tournaments and was runner-up in the Masters, Westchester and Pleasant Valley Classics. The Austin, Texas, native finished in the Top 10 of 14 tournaments — more than any other player.

He won \$257,759 — more than his combined three-year career earnings of \$206,727 — and was only \$8,674 behind leading money winning Jack Nicklaus, who picked up \$100,000 for winning the World Series of Golf. Nicklaus amassed \$266,438.

Previous honorees have been Billy Casper, 1968; Orville Moody, 1969; Jack Nicklaus, 1970, 1972 and 1975; Lee Trevino, 1971, Tom Weiskopf, 1973, and Johnny Miller, 1974.

...And a Happy New Year, Fido

It'll be a Merry Christmas for somebody's Fido.

His master, identity unknown, acquired 100 50-pound bags of Kasco dog food from a box car on the Lemon Grove siding at the Double K. Feed, Tack and Tog store, 7920 Imperial ave. Thursday night.

Eugene Donald Watson, KK manager, of 8355 Palm st., Lemon Grove, reported that the food, destined for KK and valued at \$880, was taken while the shop was closed.

Sheriff's deputies followed a lead on an auto seen parked in the vicinity Thursday night but it led to Judith Ann Lake, of 1524 Skyline dr., night bar maid at the saloon across the street from KK. She was not involved.

Dairy Display Stoned

Saturday night or early Sunday morning, someone drove through the Rocky Home Milk Dairy sales facility at 9951 Campo rd., Spring Valley leaving behind the shattered glass of the door of the display cooler. A rock was used as the missile.

The firm said it would cost \$150 to replace the glass.

'Best Use' Property Taxes Hurts Daily Fee Golf Club

Those well-kept greens and manicured fairways of the daily fee golf course may become just a memory according to Steve Horrell, partner and general manager of Singing Hills Golf Country Club near El Cajon.

He said soaring tax assessments and other "unrealistic government regulations" may make extinct the daily fee courses (public) where 200 million rounds of golf are played annually.

He quoted William W. Saunders, president of the newly formed National Assn. of Public Golf Courses which has a membership of 5,700 private enterprise, profit motive, public, resort and semi-private golf courses including Singing Hills.

Horrell noted that if golf courses are taxed at "best use" levels while ecologists insist that such facilities remain "open space" it would probably stymie the development of additional links. In such a case, no golf course would attract investors.

In the case of Singing Hills, the course is in a flood plain area which additionally restricts "best use" capabilities. In the east county, in Spring Valley, for example, tax assessments do not reflect the limited use of privately owned property in the flood plain.

L.A. Meeting

Saunders said, at a Los Angeles meeting attended by Horrell, in November, "With increasing property taxes, inflation and government interference, daily fee golf course owners are fighting a battle for survival."

Said Horrell, "Daily fee courses pay property taxes and provide the full functions of municipal courses but are at a disadvantage in many ways."

He listed real property tax exemptions, free or bargain priced water rates, lands acquired and improvements made with taxpayers' dollars, and various support services as advantages not enjoyed by public courses.

"These benefits result in the municipal courses' ability to charge unrealistically low rates," Saunders said. "If we're lucky enough to make a profit, we pay income taxes, which muni operators don't."

Horrell, whose partner is Jerry Hollingsworth, is president of the S. California Golf Assn. with 232 member clubs. SCCGA handicaps golfers and rate courses in S. California.

Hitt, Lewis Win S.D. HoC Stardom

Travis Hitt and Dave Lewis, two area prep school products who have distinguished themselves in collegiate competition, have been voted November Stars of the Month by the San Diego Hall of Champions Breitbard Athletic Award Committee.

Hitt, a former Grossmont athlete, was the key man in the defensive unit which helped San Diego State to a 10-1 football record this year, and his consistently fine performances earned him a spot on the AP All-West Coast team. Although comparatively small for a linebacker, he invariably outshone his counterparts, called the defensive signals and was voted the squad's most valuable player.

It was a similar story with Lewis, who came out of Lincoln High and established himself as the top linebacker for USC. He helped spearhead Troy's recovery from an opening game defeat by Missouri and sweep through a winning campaign which gave USC the Pac 8 title and a match with Michigan in the 1977 Rose Bowl.

Like Hitt, Lewis was tabbed for the AP's All-West Coast lineup and also was named to the UPI All-American second team.

The Hall also recommended certificates of achievement for Claude Gilbert and his San Diego State footballers for their successful season and approved a special award for Coach Bob Larson, whose Grossmont College cross-country team won its fifth straight California championship. With some of his collegiate runners forming the nucleus, he then put together a squad known as the Jamul Toads, and they won the National AAU title at Philadelphia. Each of the harriers will receive a Certificate of Achievement.

Saunders said the formation of the National Assn. of Public Golf Courses is a positive force in the advancement of golf businesses.

Understanding Needed

"One of our biggest jobs is to help state and county governments understand our specialized problems so that they can make reasonable compromises."

In Los Angeles, golfers are complaining that some of the muni courses fail to honor reservations made well in advance by claiming to have no record of the request, and some of the courses are not well kept. No such complaints have been listed against San Diego muni, says Horrell.

One observer said that the "best use" assessment and the open space requirement would result in bankrupt courses being converted into muni operations.

And that, many golfers feel, would not be in the best interest of the sport — the sport which attracts thousands of San Diego golfers and thousands of tourists to San Diego golf courses.

DAREDEVIL — Evel Knievel, not as much a daredevil on the golf course will be one of the many show biz celebrities competing with the amateurs and famous pros in the Andy Williams San Diego Open's Celebrity Pro-Am on January 26 preceding the four-day \$180,000 Open.

Boat Launch Open At Skinner's Lake

SACRAMENTO — In early October, boaters lined up at Skinner Lake a day in advance for the opening of the Lake's first boat launching facility, recently completed through a State Department of Navigation and Ocean Development grant to Riverside County.

The new facility includes a 5-lane, concrete launching ramp, boarding floats, car/trailer parking, restrooms, shade ramadas and picnic areas, landscaping and area lighting.

Skinner Lake is located approximately 35 miles southwest of Riverside.

Major access to the lake is from Highway 395 to Winchester Road (Route 79) and then east on Benton Road to the site.

The launching facility was made possible through the boaters' fuel tax fund and with the advice and consent of the Navigation and Ocean Development Commission. The facility is open to the public free of charge.

Speed on Skinner Lake is limited to 10 mph on the main lake and 5 mph in the launching area. Local regulations prohibit sailboats less than 12 feet in length or having less than 12 inches of freeboard. Local regulations also prohibit bodily contact with the water and restrict the use of canoes, kayaks, rafts and multi-hulled boats without solid and fixed decking.

Volunteers Wanted for Crosby Golf Classic

Bill Roberts, a retired Navy captain, has been named general chairman of the \$165,000 Kathryn Crosby/Honda Civic Golf Classic to be played at Whispering Palms Country Club March 23-27.

The 72-hole event, which will attract the world's leading women golfers, is the third richest on the LGPA tour. Mrs. Crosby, who serves as honorary chairwoman, will invite celebrities to participate in the Kathryn Crosby Tee Party that will be conducted during the final two days of the regular tournament.

Volunteers are needed to serve as marshals, scorers and transportation aides during the tournament. Those who would like to participate should call the tournament office at Whispering Palms Country Club.

Strong Rusky Team Due For Mariners Fray

A 28-man roster which includes international stars such as goaltender Vladislav Tretiak and forward Valeri Kharlamov will comprise the Russian team that meets the World Hockey Association San Diego Mariners at the Sports Arena, January 3.

"This is by far the strongest Russian team ever to appear in North America," Mariner coach Ron Ingram said of the lineup released by the Soviet Ice Hockey Federation in Moscow.

Ticket sales for the 7 p.m. encounter are brisk, according to Mariner general manager Ballard Smith.

"All of the top Soviet stars will be here including many who did not play in the recent Canada Cup series," Smith said. "It will be a tremendous opportunity for San Diegans to see the finest Russian players."

In addition to Tretiak and Kharlamov, other Russian standouts include forwards

Boris Mikhailov, Vladimir Petrov, Vladimir Shadrin and Aleksandr Yakushev.

Coaching the Soviets will be Boris Kulagin, longtime Mentor of the Soviet Nationals who also did not participate in the Canada Cup competition this summer.

Of the 28 players making up the team, 17 were members of the National team which defeated Team Canada four games to one with three ties in 1974. Left winger Yakushev was the star of that series, scoring six goals against a Canadian aggregation that had Mariners Andre Lacroix and Paul Shmyr in its ranks.

The Russian schedule includes games at New England, December 27, at Cincinnati, 28, Houston, 30, Indianapolis, January 1, San Diego, 3, Edmonton, 5, Winnipeg, 6 and Quebec, 8.

Night Racing Starts

Saturday at Alamitos

LOS ALAMITOS — The \$185,000 Golden State Futurity will highlight the first evening program of the winter at Los Alamitos as the lights come on Saturday with a 7:45 p.m. first post.

The final day program of the year will be offered Friday starting at 12:45 for the race \$2 exacta.

Night racing will be the rule throughout the remainder of the winter quarter horse meeting which continues until February 10 on a Monday through Saturday basis. Post time each evening will be 7:45.

The track will be decked out in a festive holiday mood when the lights come on Saturday night. A strolling band will be on the grounds all evening playing favorite seasonal music as fans wind up their Christmas Day at the races.

Cdr. Lake Heads Flotilla

Lemon Grove may get a navy after all.

At least, a small step in that direction has been taken.

It has to do with the recent appointment of Dell Lake of Lemon Grove as Commander, Flotilla 17, 11th Coast Guard Auxiliary.

Flotilla 17 is operated by people interested in all elements of sea boating and Commander Lake plans to start a class in safe boating early in February.

The auxiliary participates in rescue operations, public education clinics on safe boating, free boat inspections, towing and other operations having to

do with safety, search and rescue.

Lake is interested in contacting those interested in membership as well as beginners. He is available at 469-2109.

Lysergic Acid Charge

A 17-year old youth who lives on Drexel dr., Lemon Grove was charged with possession of lysergic acid Sunday after officers stopped his auto about 8:30 p.m. in the 1200 block of Elkeltoln st.

Sheriff's deputies reported that they found two baggies of marijuana and 31 tablets of lysergic acid in the vehicle.

Navy Airman Roberta C. Castorena, 23, daughter of Mrs. Roberta L. Wyndham of 634 Conception st., Spring Valley, has completed recruit training at the Naval Train-

ing Center, Orlando, Fla.

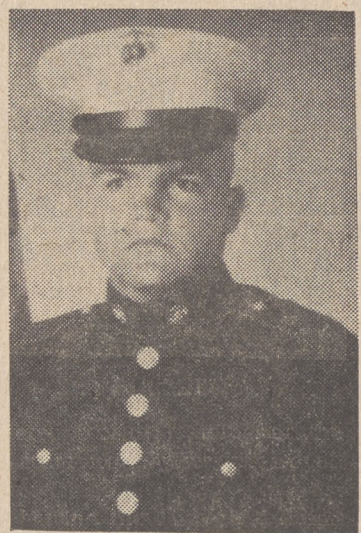

During the eight-week training cycle, she studied general military subjects designed to prepare her for further academic and on-the-job training in one of the Navy's 85 basic occupational fields.

Among the subjects she studied were seamanship, close order drill, Naval history and first aid.

She joined the Navy in August 1976.

Pvt. Andrew Miller

Marine Private First Class Andrew K. Miller, 18, son of H. A. Miller of 7580 Central ave., Lemon Grove, has com-

Pvt. Miller

pleted recruit training at the Marine Corps Recruit Depot, San Diego.

During the 11-week training cycle, he learned the basics of battlefield survival. He was introduced to the typical daily routine that he will experience during his enlistment and studied the personal and professional standards of Marines.

He participated in an active physical conditioning program and gained proficiency in a variety of military skills, including first aid, rifle marksmanship and close order drill.

He joined the Marine Corps in January 1976.

Lt. P. McCarville

Navy Lieutenant Patrick A. McCarville, whose wife Marilyn is the daughter of Mr. and Mrs. Robert J. Pearce of 8151 Alton dr., Lemon Grove, is currently on an extended deployment to Alaska.

He is the Software control officer of Patrol Squadron (VP)-19, homebased at the Naval Air Station, Moffett Field, California.

The primary missions of VP-19, which flies the P-3 "Orion" patrol aircraft, are anti-submarine warfare and maritime surveillance patrols. Additionally, his squadron is on standby alert status to conduct search and rescue missions, medical evacuation flights and ice reconnaissance flights.

He joined the Navy eleven years ago.

Seaman R. Ruebush

Navy Postal Clerk Seaman Randolph D. Ruebush, husband of Vera B. Ruebush of 9765 Dale ave., Spring Valley, has reported for duty aboard the aircraft carrier USS Kitty Hawk, homeported at Bremerton, Washington.

He joined the Navy in July 1975.

Spec. Ron Springer

Navy Mess Management Specialist Second Class Ronald W. Springer, husband of Barbara A. Spring of 7225 Dayton st., Lemon Grove, recently participated in Exercise "Readiex 2-77" off the Southern California coast.

He is a crewmember aboard the patrol combatant USS Cannon, homeported in San Diego. Springer was one of more than 10,000 men taking part in the seven-day exercise, which included 18 ships and 100 aircraft. Navy ships and aircraft squadron were joined by a Canadian aircraft squadron to test and evaluate current tactical plans and provide essential training for fleet units.

He joined the Navy in September 1968.

Cadet Lawrence Shunk

Cadet Lawrence J. Shunk, son of Mr. and Mrs. Fred L. Shunk of 1970 El Prado, Lemon Grove, has been promoted to the rank of cadet staff sergeant at the U. S. Air Force Academy, Colorado.

Cadet Shunk, a member of the class of 1979, has also been appointed an element sergeant. Assignment to this position will provide invaluable job and leadership experience.

The cadet is a 1975 graduate of Mt. Miguel High School.

Airman Apprentice Tim Bedsworth

Navy Airman Apprentice Timothy L. Bedsworth, son of Lloyd Bedsworth of 3860 Helix, Spring Valley, has completed recruit training at the Naval Training Center, Great Lakes, Illinois.

During the eight-week training cycle, he studied general military subjects designed to prepare him for further academic and on-the-job training in one of the Navy's 85 basic occupational fields.

Among the subjects he studied were seamanship, close-order drill, Naval history and first aid.

He joined the Navy in September.

Airman Michael Slay

Airman Michael A. Slay, son of Mr. and Mrs. Russell L. Slay of 2151 El Dora st., Lemon Grove, has been assigned to Dyess AFB, Texas, for training and duty in the U.S. Air Force transportation field.

The airman, who recently completed basic training at Lackland Air Force Base, studied the Air Force mission, organization and customs and received special instruction in human relations.

Slay is a 1976 graduate of Mt. Miguel High.

Tech. James Magoon

Navy Sonar Technician First Class James D. Magoon, husband of Mrs. Alice J. Magoon of 8843 Ellenwood cir., Spring Valley, recently participated in Exercise "Readiex 2-77" off the Southern California coast.

He is a crewmember aboard the guided missile cruiser USS Chicago, homeported at San Diego.

He joined the Navy in March 1965.

Contract Talks Near End for G'mont Teachers

The Grossmont Education Association representing teachers in the Grossmont Union High School District, reported last week they are nearing completion of bargaining talks on their 1976-77 contract.

Undisclosed was progress on salary talks, but latest information available shows teachers will get between a 6.25 and 8.0 per cent pay increase.

Bargaining representatives will meet next week, during school vacation, to refine the document.

GEA has set January 19 as a tentative date for a vote by teachers on the completed contract.

Col. Sanders is Burglar Victim

Sheriff's deputies were surprised to see a youth, 19, walking down the middle of Carlisle st. in Lomita Village, Monday morning about 4 a.m.

The cops followed him with lights out and saw him spill some of the contents of a large plastic bag he was carrying.

When they turned a spotlight on him, he dropped the bag and ran, leaving behind a pile of meat, pie crusts, margarine and salt.

The contents matched that burglarized from the Colonel Sanders Kentucky Fried Chicken facility at 1096 Cardiff. Investigation showed that someone had broken into Sanders by breaking a side window and the spilled contents matched the inventory of the loss.

No address was available from the suspect.

Burglars Choose Musical Items

A burglar used a thin, flat device to open the front door of the residence of Ronald Anthony Lara at 1010 Leland st., Spring Valley prior to 8 p.m. Sunday.

Tapes and albums made up the loot, he said. The loss occurred while he was Christmas shopping and the lost items were worth \$225, he told sheriff's deputies.

Connie Sue Harris, 1710 Helix st., Spring Valley, told sheriff's deputies that her Symphonic record player was stolen from her residence while she was away. The burglar apparently entered by way of her hidden key.

Loss was \$85 for the player and \$12.50 for an LP record.

A thief pried open the rear door at the residence of Jeffery John Miller, at 1784 Dayton dr., Lemon Grove on Thursday to get to his stereo equipment while he was away. His loss, he reported, was \$1950.00.

NOTICE OF HEARING ON RESOLUTION INITIATING PROCEEDINGS FOR DETACHMENT FROM LEMON GROVE FIRE PROTECTION DISTRICT ("PUT NAM ET AL. DETACHMENT")

NOTICE IS HEREBY GIVEN that the Board of Directors of the Lemon Grove Fire Protection District has set 7:00 p.m., January 17, 1977, in the office of the District Board of the Lemon Grove Fire Protection District, 7853 Central Avenue, Lemon Grove, CA. as the time and place for hearing on the Resolution Initiating Proceedings for Detachment of Territory from the Lemon Grove Fire Protection District pursuant to the provisions of the District Reorganization Act of 1965, Title 6, Division 1, of the Government Code.

The territory to be detached from the District consists of an area of approximately 17.10 acres, the exterior boundaries of which are described in Exhibit "A" attached hereto.

The following facts are set forth in said Resolution Initiating Proceedings in accordance with Section 56310 of the Government Code:

(a) The manner in which and by whom preliminary proceedings were commenced was by a resolution of the Board of Supervisors of the County of San Diego.

(b) The territory to be detached has been designated the "PUT NAM ET AL. DETACHMENT."

(c) The territory proposed to be detached is uninhabited.

(d) The reason for the proposed detachment as set forth in the resolution of application referred to above is that the territory has been annexed to the City of San Diego and the city is providing fire protection to the area.

(e) There are no terms and conditions to which proposed detachment is subject.

(f) The time, date and place of hearing on the proposed detachment, which shall be not less than 15 days nor more than 60 days after the date of the adoption of this Resolution Initiating Proceedings, is hereby fixed at 7:00 p.m., on January 17, 1977 in the office of the District, 7853 Central Avenue, Lemon Grove, CA.

(g) Any interested person desiring to make written protest against said detachment shall do so by written communication filed with the Secretary of the conducting district not later than the hour set for hearing. A written protest by a landowner shall contain a description sufficient to identify the land owned by him; a protest by a voter shall contain the residential address of such voter.

Said Resolution Initiating Proceedings for Detachment from the Lemon Grove Fire Protection District is on file in the office of the Lemon Grove Fire Protection District, 7853 Central Avenue, Lemon Grove, California, and is referred to for all particulars.

Dated: December 6, 1976

County Has 'Lively' Gift Idea

If you would like to hear the pitter patter of little feet around the house at Christmas time, the County of San Diego Department of Animal Control will be happy to accommodate you.

In fact, the County Department of Animal Control can fix it so you can have the pitter patter of four little feet around the house.

"On the average we have a total of 30 to 40 dogs and cats available for adoption each month at the three County animal shelters, but in December we're usually cleaned out by Christmas Eve," said County Animal Control Officer Encil Rains.

Giving a pet to someone for Christmas makes a nice gift but Rains advised that it is not wise to surprise someone with a pet. Rains cautioned against adopting a pet on impulse.

"Surprising someone with a pet is throwing a lot of responsibility on someone who may not be ready for it," he said, "so it is usually best to ask first."

"Being a responsible pet owner isn't just feeding and

grooming an animal, it also includes the civic responsibilities of having a pet vaccinated, spayed or neutered and licensed," he said.

"If you think you can fill the bill, we have lots of cute and not so cute cats and dogs each with their own individual personalities that need homes," Rains said.

"In some ways they're just like people. Some have looks,

some have personality and some have both," laughed Rains.

"But," he added, one thing remains constant, they all need homes and they all need love."

"Owning a pet can be a rewarding experience and adopting a pet over the holidays can make a very merry Christmas," said Rains.

"But please, if you are planning on giving a pet as a

Christmas gift, do just that. Give the person the animal and please don't package the animal as a gift in a closed box. It can be very frightening to an animal and sometimes even fatal," he said.

The County animal shelters are open on weekdays from 9 a.m. to 6 p.m. and on weekends from 9 a.m. to noon. The nearest one is at 5821 Sweetwater rd., Bonita.

Peace On Earth, Goodwill and Highway Danger

Christmas Eve is "the most deadly time of the year" according to the National Safety Council.

"During the last six hours of Christmas Eve, from 6 p.m. until midnight, the hourly rate nationally for fatal accidents on the streets and highways is five times greater than it is for the balance of the holiday.

Three-fourths of all fatal Christmas accidents involve driving too fast for conditions or above posted speed limits, says the council.

More than half of all traffic fatalities in December involve drinking drivers.

But don't think just staying out of the car after that company Christmas party will keep you out of these sobering statistics. The Council reports that one out of four December accidents involves a pedestrian who has been drinking.

The Council strongly recommends the use of seat belts during the holiday season as well as all year round. "Virtually every survey of statistics indicates that use of seat belts reduces the risk of death or serious injury. Ten thousand people die each year because they neglect or refuse to buckle up."

Ground Cover Linked To Soil Erosion

University of California scientists studying erosion on foothill and mountain slopes have discovered that fallen leaves and other natural litter do not seem to protect the soil unless they cover at least half of its surface.

Michael J. Singer, soil scientist on the UC Davis campus, reported that tests with three types of dead vegetative material common in California — wild oat straw, blue oak leaves and redwood needles — all gave similar results. "It is only after 50 per cent of the soil surface is covered that erosion is reduced," Singer said. Above the 50 per cent point, he added, the more natural litter there is, the less erosion takes place.

A smaller amount of litter fails to protect against soil erosion because it concentrates the runoff onto sizable bare spots, causing additional loss of soil in those areas, Singer said.

Pool Open for Christmas

La Mesa Recreation Dept. will keep its La Mesa-Helix Pool, 7323 University ave., open to the public during Christmas vacation.

It will be open for recreation swimming December 27-30, 11 a.m. to 2 p.m. Lap swimming lanes will be made available.

IRS Calls on 57,000 Delinquent Taxpayers

About 57,000 California and Hawaii taxpayers are being notified that they apparently did not report all of their income on their 1974 Federal income tax returns, the Internal Revenue Service said. Nationally, almost 420,000 such notices will be mailed.

The returns in question were filed with the IRS Service Center in Fresno, California which processes individual income tax returns from taxpayers in California and Hawaii.

Dividends, interest, wages and other types of income reported by payors directly to the IRS on information returns have been found not to agree with the amounts reported by the taxpayers involved. Through a computer process the data on the informational returns were matched with amounts reported by taxpayers and the apparent discrepancies detected.

Notices concerning the possible omitted income with a

computation of the corrected tax liability are being sent to the taxpayers by the IRS Service Center in Fresno. A taxpayer receiving the notice can agree to the IRS determination or furnish information to contest the proposed adjustment if he believes it to be incorrect.

In cases where the IRS regards the information submitted by taxpayers as insufficient to resolve the dispute taxpayers will be afforded all the usual administrative and judicial appeal rights.

The same computer process also uncovered cases of possible failure to file tax returns. About 123,000 California taxpayers are receiving notices that they have apparently failed to file individual income tax returns for 1974.

Nationally more than a million notices will be mailed. In these cases, while information reports filed with the IRS indicated sufficient levels of income to require the filing of returns, such returns could not be located.

Fictitious Name Renew Time Here For Many Firms

Thousands of California business owners stand to lose certain legal rights at the end of this year if they fail to comply with a state law enacted in 1971.

The 1971 law requires all persons who operate businesses under a fictitious name to publicly identify themselves by filing a Fictitious Name Statement with their county clerk and publishing the statement in a qualified newspaper of general circulation.

In addition, the law requires every business owner to refile a new statement with the county clerk at five year intervals. If the information on the refilled statement differs from that of the previous statement, the owner must also re-publish his statement in a newspaper which, according to the law, should be circulated in the area where the business is conducted. The final month for refiling of statements first filed in 1971 is this present month of December, 1976.

Business owners who do not keep their Fictitious Business Name Statement in effect may not maintain court actions upon or account of any contract made, or transaction had, in the fictitious business name.

Furthermore, the law establishes a rebuttable presumption in favor of the first person to file a fictitious business name statement that such person has the exclusive right to use as a trade name that fictitious business name, as well as any confusingly similar trade name, in the county in which the statement is filed. This benefit is lost if the fictitious business name statement is permitted to expire at the end of the five year period.

It is suggested that business owners promptly consult with their attorneys if they have any question concerning compliance with these new requirements.

This newspaper will make all necessary filing and publication forms available at its office as a service to local business owners and attorneys. In addition, this newspaper will accept Fictitious Business Name Statements for filing or refiling at its office and will arrange to have these statements filed at the office of the County Clerk.

Through its affiliation with the California Newspaper Service Bureau, Inc., a statewide public notice clearinghouse, arrangements can be made for necessary filing and publication in all other cities and counties throughout California.

Bank Expansion OK'd

S.D. Federal Savings & Loan Assn. is opening two more branch offices in San Diego County soon.

Plans have been approved for construction of a branch facility in the Mt. Soledad area of La Jolla and in Pacific Beach.

Also planned is a branch in Rancho Bernardo.

Last Week for Full GI Benefits

For generations, thousands of young Americans have seen military service as a stepping-stone toward a "free" college education, a way to become eligible for up to \$13,000 in education gratuities via the G.I. Bill.

By year's end, however, that stepping-stone turns into a brick wall.

President Ford has signed legislation making December 31 the deadline for new enlistees to take advantage of the current G.I. Bill which has helped more than six million veterans further their education since 1955.

Persons enlisting in the armed forces after that date can still get educational benefits, but they'll have to voluntarily pay for a third of the maximum \$8,100 allowable out of their own pockets.

That may come as bad news to high school juniors but graduating seniors have a last-ditch shot at full GI education benefits. The price to pay is a commitment now to join one of the four branches of service.

The Marine Corps, Army, Navy and Air Force are each participating in the Delay Entry program, wherein the high school senior enlists before the end of the year, but does not go on active duty until after graduation.

Even though service doesn't actually begin until next year, the law says the enlistee will still be eligible for full benefits.

New Laws To Aid Consumer

California Attorney General Evelle Younger has prepared a short list of significant consumer protection legislation that becomes effective January 1.

The first three were sponsored by the attorney general.

Discount Buying Services—Regulates organizations which provide their client with the right to obtain good or services at discount prices.

Credit Installment Contracts—Makes the Unruh Act applicable to credit installment contracts where such transactions involve both California and out-of-state contracts.

Dance Studio Contracts—Specifies that whenever a dance studio contract is payable in installments the buyer is entitled to partial refund by reason of death or disability.

Other consumer protection bills passed by the Legislature, and which also are effective January 1, include:

Impound Accounts — Requires financial institutions to pay at least 2% simple interest per annum on home loan impound accounts.

Bread — Defines a "standard small loaf" of bread as a loaf weighing 8 ounces, and allows any bakery to bake and sell on the premises loaves of bread which weigh less than 8 ounces.

Directory Assistance — Prohibits telephone companies from charging for directory assistance.

Credit Cards: Cancellation Notice—Requires that a credit cardholder be given a 30-day written notice by the card issuer of its intention to cancel, unless such cardholder is in default of payment.

Mobile Homes: Sales — Requires manufacturers of mobile home to affix a label to the mobile home which contains the manufacturer's suggested retail price and other specified information.

Prescription Drug Advertisements — Permits the advertisement of prescription drugs under specified circumstances.

Younger invites comments on the legislation. He can be contacted at State Attorney General's Consumer File, 3580 Wilshire Blvd. suite 800, L.A. CA 90010.

Under the current GI Bill, a veteran can accrue up to 45 months of eligibility, enough time to earn an engineering degree, to earn a BA and all or part of an MA. Those who join the service after the first of the year are limited to 36 months.

A single veteran attending school full time today gets \$292 a month. The monthly rate for full-time students with one dependent is \$347; with two, \$396; and each additional dependent increases the payment by \$24.

The new program requires the enlistee to contribute \$50 to \$75 monthly from their salaries, adding to a maximum \$2,700. The Veteran's Admin-

Pro Journalists To Make Awards

CHICAGO — The 45th annual Sigma Delta Chi Distinguished Service Awards contest was announced here by The Society of Professional Journalists.

Sixteen awards are offered for notable performance in print and broadcast journalism during 1976. Entry deadline is January 25.

Entries may be submitted in the following categories: general reporting, editorial writing, Washington correspondence, foreign correspondence, news photography, editorial cartoon, magazine reporting, journalism research, radio and television reporting and editorializing, and public service by newspapers, magazines, radio stations or networks, and television stations or networks.

Winners will be honored at the annual Distinguished Service Awards Banquet to be held next year on April 30 in San Diego, California. The awards proper consist of bronze medallions and accompanying plaques.

Judging panels, selected by the Society, are composed of outstanding journalists and distinguished public officials.

Entry blanks may be obtained by writing to The Society of Professional Journalists, Sigma Delta Chi, 35 E. Wacker Dr., Chicago, Ill. 60601.

Another Holiday Warning: Lock It Or Lose It

Along with increased tensions, safety hazards and accident rates predicted by experts during the Christmas season, comes yet another doomsaying — this one from the California Highway Patrol.

Commissioner Glen Craig said statistics show vehicle thefts average 5 to 10 per cent higher during the fourth quarter of the year. Nearly 12,000 vehicles are expected to be stolen in the state during December.

Major contributing factors include leaving keys in the ignition and failure to lock doors.

Thefts of items from vehicles also climbs during the holidays, he said. "Christmas Gifts are a favorite target, particularly when they are in the passenger area of the vehicle. Gifts and other valuables should be locked in the trunk when possible," he said.

istration will match that savings at a rate of \$2 for every \$1 contributed and the total can be used for education upon completion of service obligations.

Spirit-Laden Tree Cutters Get Warning

Tapping the nearby forest for the family Christmas tree may be a gesture of old-fashioned Christmas spirit, but modern-day law can quickly take the fun out of it.

That's a word of holiday advice from Fred Deholl, supervisor of the Cleveland National Forest.

In fact, a person convicted of cutting trees or shrubs on national forest lands can be punished by a maximum penalty of \$500 and six months' jail, according to the California Penal Code.

Many private landowners grow Christmas trees for sale to individuals and most growers allow an individual to choose and cut his own tree.

The California Christmas Tree Growers, 2855 Telegraph ave., Berkeley, CA 94705, will furnish a list of growers on request. Lists also may be obtained from the Cleveland National Forest Headquarters or by checking the Yellow Pages under "Christmas Tree Growers."

S&L Gives Trees To Boy Scouts

Central Federal Savings & Loan Assn. will present a living holiday "good deed" to the Boy Scouts of America.

The growing seven-foot Christmas pine now in the College Grove Central Federal will be donated to the San Diego Council of Boy Scouts following the holiday season.

Manager Sally DeLong said, "More than 175 feet of growing trees will be delivered by the association to the Scouts for landscaping at the new 750-acre Camp Coochama near Barrett Junction as well as other youth camp areas."

The local Central Federal Yuletide decor also features traditional ornaments and poinsettias.

Central Federal, which recently merged with N. Hollywood Federal Savings & Loan Assn., currently operates 24 offices extending from Chula Vista to the San Fernando Valley.

Tummy Ache May Be Sign of Danger

Indigestion usually can be traced to holiday overeating or drinking, even to emotional stress — but it can also be the sign of more serious trouble, warns the California Medical Association.

Indications of potentially serious problems that may need medical attention include indigestion in generally healthy elderly people, a gnawing pain in the upper abdomen an hour or two after a meal, stomach pain or diarrhea during the night, indigestion along with weaknesses, darkened stools or urine, or yellowish skin or eyes.
